

Coral Trisko, PMP is a qualified project management instructor and a PMI® certified professional project manager. Her experience includes project management training, and the development and implementation of project management for large international organizations as well as government. As a member of the Academic Teaching Faculty of the Royal Roads University, Canada she develops programs and teaches project management within the MBA program.

Ms. Trisko is a senior project manager, who has managed projects in several industries world wide to all levels of audiences. Most recently she was assigned as project manager of a multi million US Dollar software project in the US banking industry. She successfully completed the project within one year. Coral has written the core programs for a graduate certificate diploma program and MBA program in project management for Royal Roads University, Canada and facilitated many project management courses. She led the implementation of project office environments, the development of methodologies and tools, and mentoring for organizations internationally.

Altogether Coral has more than 20 years of experience as instructor, consultant, coach, and project manager in several Canadian and international organizations, such as ABB Sweden, Cincinnati Bell, Novartis Pharmaceuticals, Schindler Elevators, Sprint Canada, Syngenta Crop Protection Switzerland, Microsoft, JP Morgan/Chase Manhattan. Coral founded the PMI BC Chapter and was President for 2 years and on the executive board for 3 years. Coral is President of Enterprise Project Management Ltd. Founded in 1996, which is one of the major faculties of AB&P since 1999.
